

One Changed Life

Sky Lodge has always been a second home to me. One of my favorite things about camp as I was growing up, was being around the horses. My lifelong love of horses

began at Sky Lodge when I was 8 years old. It is also were I first found Jesus. God has blessed the horse program at Sky Lodge tremendously and I have also been blessed through it. I have the privilege of directing the horse program and watching it grow. Girls come to horse camp because they are drawn to the horses. Through that, they encounter Jesus. That's what we are all about.

Everyone knows horses are expensive to keep. They require regular hoof care, veterinary care, etc. We like to set an example by taking the best possible care of our horses that we can. In order to do this, we rely on donations and financial support. At times, we are limited by our resources. By being a friend of our Sky Lodge Horse Program, you can help us make this all possible. Please pray and consider giving to this ministry.

Kids love horses! Horses can have a big impact on campers (read *One Changed Life* in this brochure). The Sky Lodge Christian camp horse program is growing. We now have seven weeks of specialty horse camps along with horse classes and trail rides throughout the regular summer camp weeks.

We have a team of people that support the horses at Sky Lodge. These horse lovers are very important in our desire to provide a top quality program.
